

INDUSTRIAL SERVICES ON LINES COMPANY LTD.

Your Chemical Cleaning Partner

WHO WE ARE

Strategically situated in Jubail, eastern province of Saudi Arabia, Industrial Services Onlines Company Ltd is a division of Jumaan Al Zaharani group of companies. The company caters to industrial sector with the purpose to become a key contributor to ever growing economy of Kingdom of Saudi Arabia. Since its inception in 2005 the company has thrived to become one of Kingdoms leading Chemical cleaning and Industrial services provider. Our clientele includes prestigious Aramco, Sabic, Saudi Electric Company, Sadara Dow, Saudi Chevron, Shell, Maaden and we are registered as qualified vendors amongst major industries in Oil and Gas sector and EPC 's across kingdom.

ISOL is lead by team of experts who are well qualified, experienced and trained to deliver high quality services to our most valued clients. With a strength of over two hundred employees, our engineers and consultants listen to clients needs carefully and solutions are designed keeping clients requirement and safety as prime and foremost on mind. We impart latest technology and knowhow to deliver most economical and efficient service to customers across. Each department is manned and headed by experts who constantly keep in touch with latest technology and expertise and aspire to provide best solutions

ISOL is well equipped with qualified workmanship, state of art workshops and fabrication shops and latest tools to accomplish the most challenging results to the highest industrial standards within reasonable time. We at ISOL believe in building partnership with our clients to achieve mutual goals and to develop strong and long term business relationship. We believe completion of successful project is only a small step towards beginning a strong relationship with our clients.

OUR VISION

To be the company that best understands and satisfies the industrial customers providing cost effective, timely and quality services applying high end engineering solution and innovation methods.

WHAT WE DO

SERVICE DIVISION

EQUIPMENT RENTAL

INDUSTRIAL SVICES

From cleaning a boiler or heat exchanger to designing a work pattern to clean most complex industrial structure we possess the knowledge, skill, people and technology to meet the challenges of ever expanding industries. Some key strengths of ISOL are listed but not limited to

Chemical cleaning of boilers, pipes , heat exchangers & vessels

Pre & post commissioning services of industrial plants

Hydraulic and lube oil flushing

De-scaling pipeline flushing and pigging services

Steam, Nitrogen and Air blowing

Onsite Nitrogen generation

Dry Ice blast Cleaning

Decontamination of Process equipment

Disinfection of drinking water pipeline system

Cooling water passivation service

Service of plate heat exchangers

Retubing of Shell and Tube heat exchangers

Filtration services

Pressured water blasting (Hydro jetting) and cleaning services

Contaminated or hazardous waste transportation services

cooling water passivation services

De-mineralized water Supply

Hiring of Vacuum loaders (super suckers), vacuum tanks, boilers, hydro jetting machines, oil free compressors and air dryers.

Complete overhauling and manufacturing of Boilers

RENTAL SERVICES

SUPER SUKER

HP JETTING MACHINE

AIR COMPRESSOR

AIR DRIER

PUMPS

BOILERS

HEAT EXCHANGERS

VACCUAM TANKERS

CS AND SS SKIPS ETC.

OIL FLUSHING

SUPER SUCKERS
CAPACITY : 11000 LTS.

VACUUM TANKERS
CAPACITY : 30000 LTS.

AIR COMPRESSOR (100% OIL FREE)
CAPACITY : 1500 CFM & 850 CFM @
10 BARG

HP JETTING MACHINE
CAPACITY : 20000 PSI, 10000 PSI

NITROGEN GENERATION UNIT
CAPACITY : 50 M³/ HR @ 98% PURITY

DM WATER PRODUCTION UNIT
CAPACITY : 50 M³/HR

OIL FLUSHING MACHINE
Capacity : 1000 LPM @ 20 barg

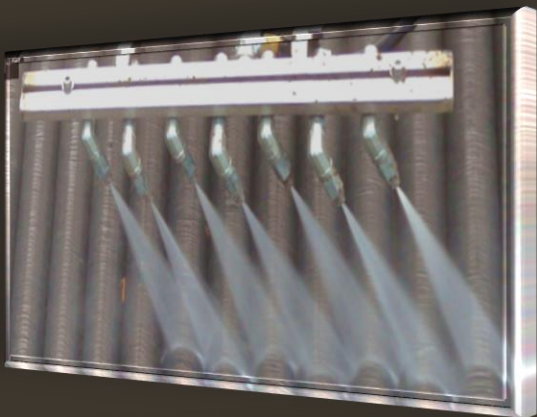

FILTRATION UNITS
CAPACITY : 1000 LPM

DRY ICE BLASTING UNIT

STEAM BOILERS
CAPACITY : 2 & 3 TON/HR @ 9 BARG

MECHANISED FIN FAN
CLEANING

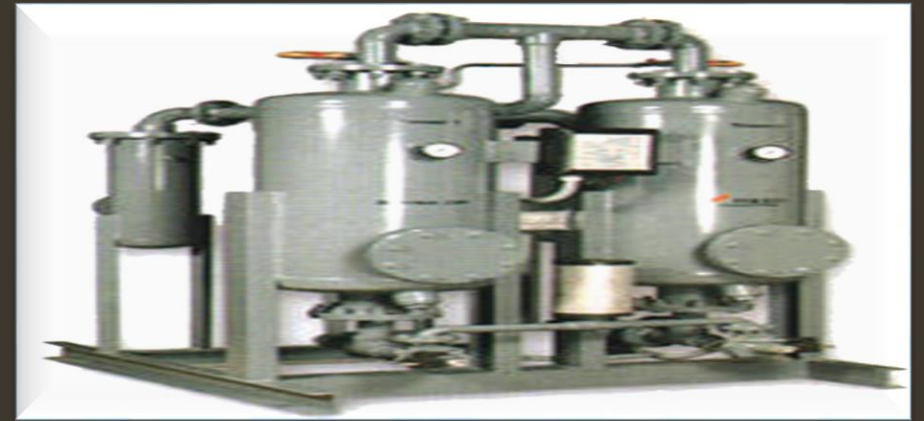

VARIOUS KINDS OF PIGS

TANKS
: CAPACITY 4, 8, 15, 20, 45, 80 m³

CENTRIFUGAL PUMP:
CAPACITY : 800, 400 ,200, 60 , 20 M³/ hr

DESSICANT AIR DRIERS
CAPACITY : 1200 CFM @ 10 BARG

AIR RECEIVER:
CAPACITY : 10000 , 5000, 3000 LTS.

HEAT EXCHANGERS
CAPACITY: 5600, 600 KW

PHE DIVISION

- Hydrojetting

- Acid bath

PHE DIVISION

- Before cleaning

- After cleaning

VENDOR LIST

Sr. No	Client Name	Vendor No
1	SABIC	504001
2	ARAMCO	10039897
3	SIPCHEM	102223
4	MARAFIQ	3480
5	SWCC	2781
6	PETRO RABIGH	101947
7	SAUDI CHEVRON	122641
8	TASNEE	101520
9	ADVANCED PETROCHEMICAL CO	100790
10	MAADEN	9498
11	SAHARA PETROCHEMICAL CO	101040
12	ARABIAN AMINES CO	100463
13	SATORP	12236
14	JUBAIL ENERGY SERVICES CO (JESCO)	100436

MAJOR PROJECTS

Sr. No	Description	Client
1	Chemical cleaning oil flushing for lube oil lines	JGC/KGO
2	Chemical cleaning oil flushing for compressor lines	DAWEOO/SADRA
3	Chemical cleaning of oxygen mixing station and PHE cleaning	SAUDI KAYAN
4	Chemical cleaning of H2 O2 SS Pipelines, O2, piping, lube oil piping and oil flushing	SADRA
5	Pigging for silo line (power transfer line)	TASNEE
6	Online nitrogen generation and purging – khafji joint operation	JGC/ARAMCO
7	Pre commissioning chemical cleaning of BFW and condensate pipe line at WASIT project	ARAMCO
8	Solvent cleaning of fin fan coolers/ hot combined feed exchangers @ pp/ pdh plant	SAHARA AND NATPET
9	Solvent cleaning – re-boiler-ethylene cracker unit	PETRORABIGH
10	Pigging for diesel and lube oil line	YEPY MERKEZY
11	Chemical cleaning of H2 O2 tanks	SADARA

SABIC PROJECTS

Sr. No	Description	Client
1	Chemical cleaning of shell and tube exchangers @ ethylene plant and MTBE plant	SADAF
2	Chemical cleaning of gas cooler @ OLEFINS II	PETROKEMYA
3	Chemical cleaning of waste heat boiler	SAFCO
4	Chemical cleaning of tanks and vessels	SABIC R&D-RIYADH
5	Acetic acid transfer and decontamination of benzene tanks	IBN RUSHD
6	Online fin fan external cleaning	PETRO KEMYA
7	Chemical cleaning of vessel, PHE	SAFCO
8	Chemical cleaning of pumps and discharge piping	SHARQ
9	DM plant water neutralization and disposal	SAUDI KAYAN
10	Chemical cleaning of coolers	YANSAB

QUALITY POLICY

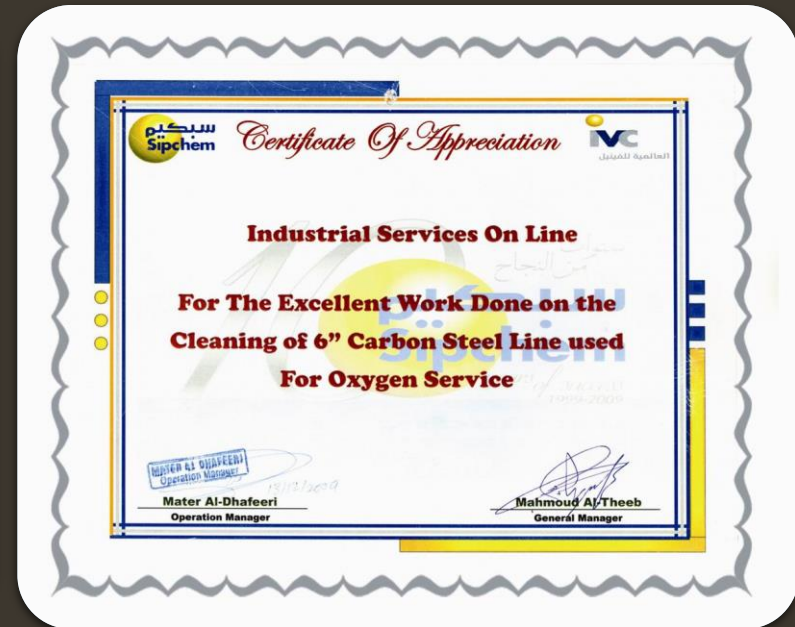

Quality is not just another goal, its our basic strategy for survival and future growth. Our journey is Total Quality Management (TQM), fully satisfying our customers requirement through a process of continued improvement. And we are committed to meet or exceed our customer's expectations for product and service quality and performance then timely delivery of services to meet our customer's requirements and continuous improvement of our processes, and systems finally ensuring our personnel are properly trained so they are better able to serve our customers.

HEALTH AND SAFETY POLICY

- ❖ To provide adequate control of the health and safety risks arising from our work activities;
- ❖ To consult with our employees on matters affecting their health and safety;
